## Mission

Our group has been active since 1993, providing reliable, innovative and cost-effective solutions to the global maritime sector. Navinco Ltd has been granted ISO 9001:2015 certification. The company's growth is based on long-term trusted relationships with clients – many of whom represent the world's leading ship management companies.

////////////////////

## Services

Our group is engaged in providing marine technical services, naval architecture and marine engineering design and studies, as well as contracting or project management to new buildings, major refits and major repairs. Furthermore, fifteen yachts are under our management and undergo maintenance works getting prepared for an other successful season.
